This information is useful to us in choosing sponsor sites for our internship program. We, of course, wish to support everyone who offers to support DAN Research but we do have a limited number of interns and the site choice needs to be based on highest number of dives collected.

Thank you for your dedication to the DAN Internship. Please return this form as soon as possible to Donna Uguccioni at DAN (fax: 919-493-3040) or mail to:
